

Application for Volunteering

San Juan Regional Medical Center has a successful volunteer program and is committed to providing a rewarding experience for our volunteers, while providing a safe environment for our patients. For this reason, we seek friendly, motivated people who love to help people and want to give back to their community. After the volunteers go through the application and interview process, <u>if placement occurs</u>, a background check, orientation, and training will also be required. Because of the time commitment and expense to place our volunteers, we ask for a long term commitment of our volunteers (at least 6 months and 50 hours or more). The hospital understands that a change in circumstances may prevent this – any such variation should be discussed with the Volunteer Services department. We cannot accommodate short term placement (unless it is the Summer VolunTeen Program) such as community service hours, service learning, or work placement programs. If you are interested in shadowing or are volunteering for a school requirement, please call 609-6156 **before** completing this application.
